

INDUSTRIAL / RECOVERY & READINESS

A clear next stage for complex industrial sites.

After an incident or ahead of planned change, NorthStar connects physical recovery with demolition, environmental work and site restoration. Build the work around retained assets and the intended end condition.

40+ years of experience

100

days for demolition and remediation

ProLogis / FedEx Facility | 2020

At the ProLogis / FedEx facility in 2020, demolition and remediation covered two tornado-damaged buildings totaling 1.15 million square feet. The 100-day milestone excludes full rebuilding of those facilities.
