

COMMERCIAL REAL ESTATE / RECOVERY & READINESS

Your property. Their business. A coordinated recovery.

Prepare for property damage with a recovery partner that connects site knowledge, restoration and reconstruction to the priorities of owners and managers.

Know the property

Bring contacts, floor plans, utility information and access details together before a response is needed.

Coordinate around tenants

Plan work with the property team around affected suites, shared spaces, access requirements and tenant communication needs.

Clarify the path to repair

Connect emergency work with reconstruction priorities, agreed scope and the owner's authorization process.

SERVICES TO SHAPE THE SCOPE

- Water damage recovery
- Microbial remediation
- Selective demolition
- Fire and smoke restoration
- Hazardous-material abatement
- Repair and reconstruction

RELEVANT EXPERIENCE

Jones Lang LaSalle / HSBC | 2009–2015

A historical national MSA coordinated fire, water and disaster recovery across properties during 2009–2015.
